

Testimony of David Chee

Hello, my name is David Chee. I'm from Sanostee, New Mexico, the eighth wonder of the world. There is no greater place on earth than Sanostee! So I concluded that Sanostee is the eighth wonder of the world, but I love all of God's creation.

I understand that the name "David" means "the most

loved", and I feel most fortunate to have such a name because I feel most loved by Jesus.

In 1974, there was a camp meeting in Crownpoint Christian Reformed Church where I gave my life to the Lord. I invited Jesus to be my Lord and Savior when an altar call was made. After giving my life to the Lord, as I was walking back to my seat, I felt like I was walking on air about four inches off the floor! But, unfortunately, years later I backslid to my old way of life through heavy drinking and committed all kinds of sins that went with drinking. But the Lord never forsakes me. He restored me to the most precious gift I had left behind. Salvation is the most precious gift a person can receive and have.

Our loving relationship with God through His Son Jesus Christ is the most precious gift anyone can have. Salvation is by grace, not by works. It's free to anyone who asks for it, but Jesus is the one who paid for it with His blood on the cross. Jesus did all the work. A relationship with Him is more valuable than what you might consider as precious on earth and in the universe. This gift can never be stolen or taken away from you. What I now have inside my heart is everlasting. What I have is Jesus, who is precious and considers me "the most loved"! If you haven't invited Jesus into your heart and life, I pray that you will soon, Jesus also considers you "the most loved".

In the gospel of Matthew 28:19, Jesus wants us to make disciples of all nations, and as Jesus is my Lord and Savior I like to do my share of work for Him. Currently Sam Yazzie and I are co-pastors with our pastor Ray Slim at

Sanostee CRC. We help him in preaching and other pastoral ministries, especially when he is out preaching at other churches.

Please keep us in your prayers as we grow in faith, and to do the work that would be pleasing to the Great Shepherd. The Lord bless you.
